MIZPAH is a registered Charitable Trust, recognized by the Directorate of Social Welfare, Department of Tamilnadu Government and also approved by the Government of India, Ministry of Home Affairs.

Thank you for your continued interest in our work. Your prayers have upheld us and the power of God has sustained us. We have had many reasons to believe this truth. The children have grown in wisdom and stature in the past year. We strive to ensure that they grow in the full knowledge of God, which is true growth.

We had mentioned that seven new children joined us this year—the last of whom were the eight year old twins. We had intended to close our admission register for the year, but it appears that is not to be! We have welcomed three more abandoned children who were brought to us by the District Child Protection Office. Mizpah was referred to them by the Superintendent of Police.

The youngest boy is only eighteen months old. His older sister is seven and she has looked after her younger brothers with care and devotion beyond her years. She has been keeping her brothers fed by begging tourists for food. Vijay, her 4 year old brother, possesses wisdom, capability and survival skills all his own. These three have been placed with us for a 15-day

period of protection. We are not willing to separate them from each other and have made our stand clear with the authorities concerned. For now our joy is brimful and we hope for it to last. With every blessings in Christ Jesus,

*All at Mizpah*
